33 Month Questionnaire

31 months 16 days
through 34 months 15 days

On the following pages are questions about activities children may do. Your child may have already done some of the activities described here, and there may be some your child has not begun doing yet. For each item, please fill in the circle that indicates whether your child is doing the activity regularly, sometimes, or not yet.

Important Points to Remember:

- ☒ Try each activity with your child before marking a response.
- ☒ Make completing this questionnaire a game that is fun for you and your child.
- ☒ Make sure your child is rested and fed.
- ☒ Please return this questionnaire by _____.

Notes:

COMMUNICATION

1. When you ask your child to point to his nose, eyes, hair, feet, ears, and so forth, does he correctly point to at least seven body parts? (He can point to parts of himself, you, or a doll. Mark "sometimes" if he correctly points to at least three different body parts.)
2. Does your child make sentences that are three or four words long? Please give an example:

3. Without giving your child help by pointing or using gestures, ask her to "put the book on the table" and "put the shoe under the chair." Does your child carry out both of these directions correctly?
4. When looking at a picture book, does your child tell you what is happening or what action is taking place in the picture (for example, "barking," "running," "eating," or "crying"). You may ask, "What is the dog (or boy) doing?"
5. Show your child how a zipper on a coat moves up and down, and say, "See, this goes up and down." Put the zipper to the middle, and ask your child to move the zipper down. Return the zipper to the middle, and ask your child to move the zipper up. Do this several times, placing the zipper in the middle before asking your child to move it up or down. Does your child consistently move the zipper up when you say "up" and down when you say "down"?
6. When you ask, "What is your name?" does your child say his first name or nickname?

3. **ASQ SCORE INTERPRETATION AND RECOMMENDATION FOR FOLLOW-UP:** You must consider total area scores, overall responses, and other considerations, such as opportunities to practice skills, to determine appropriate follow-up.

If the child's total score is in the ☐ area, it is above the cutoff, and the child's development appears to be on schedule.

If the child's total score is in the ☐ area, it is close to the cutoff. Provide learning activities and monitor.

If the child's total score is in the ☐ area, it is below the cutoff. Further assessment with a professional may be needed.

4. **FOLLOW-UP ACTION TAKEN:** Check all that apply.

- _____ Provide activities and rescreen in _____ months.
- _____ Share results with primary health care provider.
- _____ Refer for (circle all that apply) hearing, vision, and/or behavioral screening.
- _____ Refer to primary health care provider or other community agency (specify reason): _____
- _____ Refer to early intervention/early childhood special education.
- _____ No further action taken at this time
